General Comment

As a Catholic, a business-owner, and an American citizen, I am firmly against mandatory coverage for contraception and other forms of birth control. I am firmly against this administration's health-care policy. The U.S. federal government has proven to be one of the worst money managers in the world. Why should the U.S. population have any confidence in the federal government's ability to manage the health-care industry? I think it is absolutely ridiculous.
